Subject: Most Current Version of the Riparian Supplemental Document? RtC on Forestry
Attachments: Forestry-Riparian Issue-9-3-14.docx; Response to Comments Forestry Only 091914.doc

Hi Alan,

Is this the most current version of the riparian supplemental document? I thought Steve might find it useful to have this document while reviewing the rationale. I also included the draft responses to the Forestry comments so he has all documents available.

Jayne
